3 Before Startup

3.1 Physical Specification

Outlook

DTR-100DB USB 2.0 Digital TV Receiver
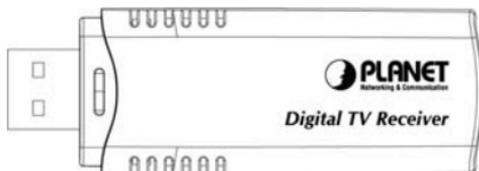

3.2 Physical Installation

This chapter explains how to install DTR-100DB with your computer or notebook.

1. Connecting USB Port

Connect USB connector of the DTR-100DB to the USB port on your computer or notebook.

2. Connecting Terrestrial Antenna
Connect the supplied ISDB-T antenna to the VHF/UHF port on the backside of the DTR-100DB.

3. Install Device Driver & Utility
(1) After installing the DTR-100DB into your computer or note-book, the system will find a new hardware device as the below figure "Found New Hardware Wizard" will appear. Please click "Cancel" to exit the Wizard.

(2) Please insert the supplied CD into your CD drive, and then install the utility and driver. There are three utilities in the supplied CD: **Windows Media Player 9**, **Microsoft DirectX 9**, and **Presto! PVR**.

The installation procedure: Windows Media Player 9 ➔ Microsoft DirectX 9➔ Presto! PVR➔ DTR-100DB's Driver.

Parameter	Description
Windows Media Player 9	Before installing DTR-100DB's driver, it is necessary to install Windows Media Player 9 and DirectX 9, or higher version for your Operating System. If your system already has Windows Media Player 9 and DirectX 9, or higher version, you can skip this part of installation.
Microsoft DirectX 9	
Presto! PVR	This option to install PVR software and this is user interface allow you to access and work with the digital video, and recorded TV programs from your TV or home computer.
Driver	To install the DTR-100DB's driver.

✍**Note**	(1) If you install the DTR-100DB with Notebook, please make sure the "Power Saving" function is turned OFF. (The "Power saving" function will lower down the CPU Performance and may effect the DTR-100DB's operation). (2) Be sure, if you connect the antenna to the DTR-100DB and please adjust it to a better reception angle and location every time.

4 User Interface

Before you begin, make sure that the antenna is connected to the DTR-100DB device.

4.1 Launch Presto! PVR Application

(1) Double-click Desktop Icon "**Presto! PVR**".

4.2 Main Monitor

NewSoft Presto! PVR is an application for turning your computer into a media center. It allows you to watch and record your favorite TV programs. You have the convenience of a VCR without having to rewind any tape.

4.3 Main screen & Menu
	Parameter	Description
a	**Program Status**	At the top of the presentation area, the program status (Recording or playing), as well as the video quality, will be listed. **PS. The Program status will appear only when playing or recording a program.**
b	**Information Window**	List the time along with the channel number and name.
c	**Full Screen Minimize Screen Close Screen**	There are the buttons for controlling the viewer.
